

CHAPTER - XI

NATIONAL DOPE TESTING LABORATORY (NDTL)

Anti Doping Programmes seek to preserve intrinsic value about sport which is often referred to as “the spirit of sports ” . This is the essence of Olympic that is how we play true. The sprit of sport is the celebration of the human spirit, body & mind. Doping is fundamentally contrary to this spirit of sport. Govt. of India is fully committed to the idea of doping free sport environment in the country and has launched a scheme entitled NDTL. The main objectives of the scheme is to have an WADA accredited lab in India and to maintain Quality Control System as per ISO/IEC 17025:2005. NDTL is well equipped to conduct in competition and out of Competition Dope test on Sportspersons and also harmonize dope related regulations in tune with the WADA code and rules & regulations framed by WADA from time to time. After successful participation in Proficiency Testing, NDTL is in the final stage of getting permanent accreditation.
